Do you have any new or like-new items or antiques packed away, waiting for the perfect occasion? Would you consider donating these items or volunteering your time to a cause that will benefit humanity?

Join us in making the Fifth Annual Knoll Springs Charity Auction a success. All proceeds of the auction reach health-related charities. The amount of funds raised at the past four annual auctions has been phenomenal, as shown in the following table:

### **Auction Distribution for Selected Charities**

For every item sold at the auction, the donor and the buyer each specify a charity to which they want the proceeds directed. If the donor and buyer identify two separate organizations, Knoll Springs Community Club sends 50 percent of the proceeds to each charity. If

the donor and buyer identify the same organization, the specified charity receives 100 percent of the proceeds.

Auctioneers will sell items that are new or in like-new condition or antiques. Auction categories include, but are not limited to, the following:
